

# *February Newsletter*

Merryhill Preschool @ Mountain's Edge

*Dear Families,*

2021 has not disappointed yet! We started January with 10 children and will now start February with 21!! That's double our enrollment and you are all making our growth an amazing experience. We have gone from 2 open classrooms to 4 starting next week! We are so excited to have your little ones to make new friends and for our new ones to learn why you love it here so much. Remember that we do have a referral program - one week free tuition for referring a family that enrolls.

February is Black History Month and a month of celebrating love, so what a better way to show love then to spread Kindness. This month as we learn about Black History Month and what that means in our environment, we will focus on being Kind and learning what that means when we are this young. We would love for you to share how you spread kindness at home. We will have cut out hearts for the month of February in the foyer for you to share ways you show kindness at home. We will then add them to our "Ways to Be Kind" Wall and display them for the month.

WHAT WE LEARN FROM

# Black History

*February 1 - 5 - Super Bowl Spirit Week Fun*

*This is a title. You can use it for important headlines, or you can link to resources. Click to edit.*

### *Chinese New Year*

Chinese New Year falls on our Teacher In-Service Day this year. Therefore, we will be learning and celebrating about this cultural event on Tuesday February 9th and Wednesday February 10th. Stay tuned for more details.

### *Valentine's Day Class Celebrations*

We will celebrate Valentine's Day on February 11th. Each classroom will have special activities planned.

### *President's Day*

In observance of President's Day, we will be closed on Monday, February 15th.

### *Teacher In-Service Day*

Our teachers are required to have 24 annual hours of Early Childhood Education classes. We are always learning new ways to continue to bring fun education to the classroom. So enjoy your day off as we continue to learn and grow as educators.

### *Mathematics*

In our intermediate class we were practicing creating AB and ABC patterns with color unifix cubes.

### *Sensory*

In our Toddler classroom we explored sensory and texture using beads and hair gel.

### *Writing*

In our Pre-K classroom we are working on inventive writing in our journals while learning about transportation.

### *Wellness - Fine Motor*

In our beginner class our students practiced using safety scissors appropriately without assistance.

### *Literacy*

Our infants love to be read to, and are learning to respond to familiar voices while the teacher reads to them.

### *Science and Wellness*

In our beginner classroom, the children learned about baby animals as they used lacing cards to strengthen their pincer grip.
